

Areas of common interest in TIM

Digital health

- ECH Alliance
- iPark
- Telemedicin (Alenka)

Living labs

- Test beds
- Engage in 11 "sandboxes", Medtech, cyber security, data sets, get their technology approved by this "sandbox"
- Digital "sandbox"
 - <https://massdigitalhealth.org/sandbox-network>
 - Link from Joan

Framework in order to collaborate in European calls

- Dissemination of information from projects world wide
- HORIZON-HLTH-2021-CORONA-01-02 (CSG)
- IN-4-AHA
- We could try - "it is hard to get through the noise"
- Members of TIM partners already have a lot to do with their daily work. But we could try to start a project like this

Personalised medicine /diagnosis

- Vanguard initiative Smart Health

Biomanufacturing

Reciprocal soft landing opportunities

Logg interactions between partners/members to prove value of TIM

- Dropbox, LinkedIn, webpage, google forms?

Networking and cross-border partnerships for members of the partners

- Networking exchanges
- How to help each other adress challenges
- "We do business with people we know"
- Eco-system mapping
- Can we attract students to help with TIM actions?
- Refer to each other - map what is already done, with bottom-up approach
- Build a health campus (Bioville)
